Communication and Language

The development of children’s spoken language underpins all seven areas of learning and development. Children’s back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.

Listening, Attention and Understanding. Speaking

Regular and repeated story telling sessions, role play, hot seating, nursery rhymes, quality interactions with children by adults, circle time, stimulating reading and role play areas and enhanced provision based on children’s interests.

- Begin to talk about themselves and their families.
- Begin to talk about what they did at home with their family.
- Begin to name common classroom objects.
- Listen carefully and follow a simple instruction with adult support.
- Listen to stories and can begin to name the characters.
- Listen and respond to environmental

- Listen carefully during carpet sessions and respond to simple questions.
- Listen carefully and follow simple instructions with increased independence.
- Respond to questions using a simple sentence.
- Name different objects in the classroom.
- Distinguish between different sounds.

- Begin to use some new vocabulary taught in class.
- Listen to and begin to follow 2-part instructions.
- Sequence pictures from a story and retell the key events in their own words.
- Express themselves using simple sentences.

- Repeat refrains from familiar traditional stories.
- Increasingly listen to and follow 2-part instructions.
- Increasingly use new vocabulary taught in class.
- Begin to express themselves using complex sentences.

- Talk about their needs and wants.
- Begin to use language to describe an event or experience.
- Begin to engage in continuous conversation with peers and adults.
- Increasingly listen to and follow 2-part instructions.
- Begin to comment on

- Express their feelings using appropriate vocabulary.
- Use language to describe an event or experience.
- Begin to engage in continuous conversation with peers and adults.
- Increasingly listen to and follow 2-part instructions.

	<p>sounds.</p> <ul style="list-style-type: none"> Listen to rhymes and begin to join in. 				<p>what they have heard.</p>	
<p>Personal, Social and Emotional Development</p>	<p>Children’s personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.</p>					
<p>Managing feelings Building Relationships Self-Regulation</p> <p>Children are provided consistency in routines and transition to support self-regulation. Visual timetable, feelings posters, books, regular circle time, modelling, and social stories are all available to develop PSED.</p>	<ul style="list-style-type: none"> Learn how to separate from main carer. Begin to familiarise with the new environment. Begin to understand rules of play - share toys and take turns. Begin to manage personal needs- dressing, toilet and eating independently. 	<ul style="list-style-type: none"> Comfortably separate from main carer. Begin to develop the confidence to access a range of resources in the environment. Learn how to share resources and take turns with adult support. Develop the confidence to take care of their personal needs and begin to talk about wants and needs. 	<ul style="list-style-type: none"> Begin to speak to adults and peers about feelings. Begin to gain confidence in asking adults for help. Begin to look for resources that they need. Able to wait for their turn and can share resources with peers. Help with tidying up tasks. Show good listening skills during carpet time. 	<ul style="list-style-type: none"> Show understanding of class routines and begin to understand class rules with adult support. Begin to show an awareness of the feelings of others. Begin to play in a group and can keep play going by extending play ideas. Begin to talk positively about themselves and welcome praise from others. 	<ul style="list-style-type: none"> Talk about their feelings and show an understanding of the class rules. Develop an interest in trying new activities. Able to play in a group and keep play going with their peers most of the time. Can adapt to change and can talk to unfamiliar adults in the setting. Begin to understand the effects of healthy food on 	<ul style="list-style-type: none"> Share toys fairly and begin to resolve conflict without adult intervention. Show interest in trying new activities and challenging tasks. Talk about themselves in positive terms and enjoy praise from adults in the setting. Know that some foods are healthy, and some are not and can make the right

					their bodies.	eating choices.
Physical Development	Physical activity is vital in children’s all-round development, enabling them to pursue happy, healthy and active lives. Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child’s strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination, which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence.					
Gross Motor Fine Motor	<ul style="list-style-type: none"> Learn to take off their coat and school jumper with adult support. Hold child friendly scissors and begin to make snips in the paper. Climb on Nursery equipment in the outdoor area. Make big circles with chalk or other tools. Begin to thread beads and other objects. Fit puzzle pieces with increased accuracy 	<ul style="list-style-type: none"> Begin to take off and wear their coat and school jumper independently. Continue to hold the scissors make snips in paper more confidently. Use their dominant hand to copy drawing some circles and other shapes with chalk or other mark making tools. Confidently thread beads and other objects. Begin to mark make using different writing tools. 	<ul style="list-style-type: none"> Dress independently. Begin to hold writing tools with a good grip to mark make. Move their body in a variety of ways (roll, jump, hop etc) Use the scissors to cut in a straight line. Carry a few objects confidently around the classroom. Deftly fit puzzle pieces. 	<ul style="list-style-type: none"> Use the scissors to cut zig-zag lines. Increasingly hold a pencil correctly and use it with good control. Move their body in a variety of ways (roll, jump, hop etc) Run around safely most of the time. 	<ul style="list-style-type: none"> Jump off an object and land safely. Begin to hold a pencil using the tripod grip. Draw and colour recognisable images using different mark making tools. Catch a large ball. 	<ul style="list-style-type: none"> Move their body in a range of different ways and can begin to negotiate space. Hold a pencil using the tripod grip and begin to form letters. Run safely in the outdoor area. Begin to balance on playground equipment.
PE	Continue to develop their movement, balancing and ball skills. • climb up apparatus, using alternate feet. • Skip, hop, stand on one leg and hold a pose for a game like musical statues. • Use large-muscle movements. • Match their developing physical skills to tasks and activities in the setting. For example, they decide whether to crawl, walk or run across a plank, depending on its length and width.					

Children are provided with lots of activities to develop their fine motor and gross motor skills. Playdough, threading, cutting tools, puzzles, nursery climbing equipment, balls, scoops etc. are all available within the provision to support Physical development.

Supporting Physical Development via Leap into action lessons plans

- *Settling down*

- *To walk in a variety of directions and to a variety of speeds.*
- *To move in a variety of tempos.*
- *To develop a knowledge of the body parts and how they move.*
- *To develop connections between body parts.*
- *To roll a ball in a set direction.*
- *To trap a ball when receiving.*
- *To crouch before jumping horizontally and vertically.*

- *To bend and straighten knee with balance and core stability. Progress from 2 feet bend and balance to one foot with stabiliser.*
- *To move to a variety of tempos.*
- *To move arms and legs, focusing on body shape.*
- *To move arms and legs, focusing on body movement.*
- *To use hands to stop a variety of objects.*
- *To use arms and body to scoop and trap.*
- *To jump from one foot to two feet and two feet to one: join movements together.*

- *To develop isolated upper and lower body strength.*
- *To move cross-laterally using large space and equipment.*
- *To move at different levels and produce body shapes that are high, medium and low.*
- *To copy a movement sequence that develops a change in levels.*
- *To release a piece of equipment from hands and feet away from body.*
- *To push away from and pull towards the body.*

- *To develop body shape needed for a squat.*
- *To step sideways using various stride length.*
- *To step sideways over obstacles.*
- *To walk in different directions.*
- *To follow a variety of pathways- straight, twisting, zigzag. To follow another person*
- *To discover different ways to travelling along the pathways.*
- *To push a ball away from the body using feet.*
- *To hit a ball away from the body using feet.*
- *To roll sideways.*
- *To roll with a stretched and curled body.*
- *To rock and roll continuously.*

- *To bend and curl isolated body parts.*
- *To move forwards, backwards, sideways, in between, in front of and behind.*
- *To investigate the difference between fast and slow through a range of movements- travelling and static.*
- *To follow instructions when moving fast/slow and to change the speed of the action accordingly.*
- *To use different parts of the body to stop and trap an object.*
- *To straighten and tighten isolated body parts.*
- *To twist and turn isolated body parts and the trunk, keeping feet static. Vary levels.*

Literacy

It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).

Comprehension Word reading Writing

Phase 1 Phonics
all through Nursery

Children are exposed to books daily and each week they share a story with their play partner in the Nursery. Children learn new vocabulary through books and quality interactions and other activities like show and tell, talk homework, role play etc. Children are also provided opportunities to mark make and give meaning to their creations.

Themes-

All about me
Our tiny friends
Under the Sea
Our furry friends
Grow with me

- Listen to stories in small groups and whole class setting.
- Begin to talk about the characters in the story.
- Begin to answer some simple questions about the story.
- Mark make with a range of resources.
- Begin to differentiate between different sounds in the environment.
- Join in with nursery rhymes.

- Listen to stories with increased attention.
- Begin to recognise their name on the name peg.
- Use a number of mark making tools to mark make.
- Increasingly differentiate between different sounds in the environment.
- Answer simple story questions and talk about characters.
- Join in with repetitive refrains in stories.
- Begin to look at books while holding them correctly.

- Copy repeated refrains in the story.
- Talk about characters in the story.
- Begin to talk about story settings.
- Give meaning to the marks they make.
- Begin to sequence stories and talk about them.
- Begin to use newly learnt vocabulary.
- Begin to make predictions in stories.
- Talk about illustrations in a book.

- Begin to identify rhyme and repetition in stories.
- Begin to hear initial sounds in words.
- Begin to make recognisable marks with writing tools and talk about what they have made.
- Retell and sequence stories.
- Begin to orally segment and blend words.
- Begin to make predictions when listening to stories.
- Look at familiar story books and begin to narrate the story in their own words.

- Listen and retell a range of stories
- Identify characters and settings within a story.
- Show confidence in making predictions in a story.
- Give meaning to marks they have made.
- Begin to hear multiple sounds in words.
- Hold a pencil using the tripod grip more confidently.
- Begin to copy letters from their name.
- Begin to talk about similarities and differences.

- Listen to and join in with a range of nursery rhymes.
- Identify rhythm and rhyme.
- Begin to hear initial sounds in words.
- Hold a pencil using the tripod grip.
- Begin to write their name independently.
- Look at books independently and begin to talk about characters and settings.
- Begin to use newly learnt vocabulary from stories while narrating stories.

All things that grow

Mathematics

Developing a strong grounding in number is essential so that all children develop the necessary building blocks to excel mathematically. Children should be able to count confidently, develop a deep understanding of the numbers to 10, the relationships between them and the patterns within those numbers. By providing frequent and varied opportunities to build and apply this understanding - such as using manipulatives, including small pebbles and tens frames for organising counting - children will develop a secure base of knowledge and vocabulary from which mastery of mathematics is built. In addition, it is important that the curriculum includes rich opportunities for children to develop their spatial reasoning skills across all areas of mathematics including shape, space and measures. It is important that children develop positive attitudes and interests in mathematics, look for patterns and relationships, spot connections, 'have a go', talk to adults and peers about what they notice and not be afraid to make mistakes.

Number Numerical Patterns

Story Books involving number and amounts, number songs, practical activities in the provision, visuals to aid subitising, manipulatives for children to explore and activities involving problem solving in Maths.

<ul style="list-style-type: none"> Look at the visual timetable and understand class routines. Sing number songs. Copy drawing some shapes. Sing days of the week songs. Sort objects by shape/colour/size Count to 5 saying number names in order. 	<ul style="list-style-type: none"> Begin to compare and describe quantities using mathematical vocabulary (more and less) Count up to 5 objects using 1 to 1 correspondence. Recognise numbers up to 5. Begin to Subitise up to 3 objects. Begin to complete a repeated pattern. 	<ul style="list-style-type: none"> Begin to count to 10 in order. Show numbers up to 5 on fingers. Begin to count objects more than 5 with 1 to 1 correspondence. Begin to use positional language e.g. on, under, behind. Begin to name common 2d shapes: square, triangle, circle and rectangle. Recognise numbers to 5 and begin to match number to quantity. 	<ul style="list-style-type: none"> Begin to count up to 10 objects using 1 to 1 correspondence Compare amounts (more and fewer) Begin to use mathematical language to describe size, length and weight. Name common 2d shapes: square, triangle, circle and rectangle. Begin to identify objects in the classroom to represent common 2d shapes. Begin to count and recognise numbers to 10. 	<ul style="list-style-type: none"> Begin to Subitise up to 5 objects. Begin to show one way of making a number on their fingers e.g. 2 and 1 make 3. Begin to add 2 groups of objects to find the total. Talk about class routines- what will happen next. Begin to understand some mathematical vocabulary e.g. altogether, take away. Begin to show understanding of ordinality and 	<ul style="list-style-type: none"> Solve addition problems practically, using objects. Begin to show awareness of number composition e.g. 2 and 2 makes 4 Use mathematical language to begin talking about and comparing size, length and weight. Begin to use positional language to describe how objects are placed. Show greater confidence in completing a repeating
---	---	--	--	---	---

					cardinality.	pattern and talking about it.
Understanding the World	Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.					
The Natural World People, Culture and Communities Past and Present Regular circle time to provide opportunities to talk and use new vocabulary. Learn through rhymes, songs and small world activities like doll house, Farm and jungle scenes etc. for children to explore familiar and contrasting environments.	<ul style="list-style-type: none"> • Talk about the people in my family. To also talk about birthdays and religious celebrations. • To explore the classroom and different learning areas. Also learn about class routines through visual timetables. • To learn about Black History month and Africa through books and art. • Explore how they have changed since they were babies. • To learn about parts of the body through songs and rhymes. • Identifying fruits and vegetables and how they keep us healthy. Also learning about healthy habits like 	<ul style="list-style-type: none"> • Understand the significance of Diwali, Harvest festival, Hanukkah and Christmas. Learn about country where Diwali is celebrated. Look at India on the world map. Learn about Hinduism. Begin to understand that people may have different religious beliefs. Learn about Christianity. • Observe how matter changes through simple experiments- melting and freezing. • Look at habitats of mini beasts and begin to use investigational skills. • develop an understanding of the weather and seasons- Winter (change in temperature, warmer clothes, trees with no leaves) • Identify and describe 	<ul style="list-style-type: none"> • Recount what they did over the Christmas holiday. • Learn about the Chinese New Year celebrations and country of origin. Explore the main religion in China. Look at China on the world map. • Begin to describe their home and their immediate surroundings e.g. shops and parks near their homes. • Talk about what they can find under the sea and begin to describe a sea creature. Also learn new vocabulary like river and sea • Learn about floating and sinking and materials that float and sink. 	<ul style="list-style-type: none"> • Explore the school grounds to get an understanding of the school environment. • To be able to name and talk about farm animals. Begin to explore habitats/ countries where they can be found. (Enhanced through small world experiences) • Name different jungle animals and talk about how they move. Begin to explore habitats/countries where they can be found. (e.g. elephants in India, penguins in Antarctica) (Enhanced 	<ul style="list-style-type: none"> • Name the different parts of the human body and what are the functions of each body part. • Talk about how they have changed since they were babies. (Things that they did as babies versus things that they can do now) • Explore what they observe in their natural environment during day and night (e.g., the sun, stars, moon etc.) • Recount and share what they did over the Easter holidays. • Understand that people may belong to different 	<ul style="list-style-type: none"> • Explore some simple maps and make a map of the classroom. • Identify the sounds that different animals make and talk about the similarities between them. • Begin to talk about the things that plants need to grow. • Begin to look at lifecycles of plants and animals. Recount what happens first, next and finally • Learn about Summer and the changes they observe in the environment.

	<p>washing hands before eating and cooking.</p> <ul style="list-style-type: none"> Learn about seasons through Autumn walks, objects etc. (leaves falling and changing colour) 	<p>a special occasion in their own family. (Birthdays, religious festivals)</p> <ul style="list-style-type: none"> Talk about what they see on their way to school. (Houses, shops, buildings) 		<p>through small world experiences) Provide opportunities for children to compare farm and jungle animals/habitats .</p> <ul style="list-style-type: none"> Begin to identify different occupations. (hairdressers, firefighters etc.) Learn about Easter and begin to compare with celebrations in their own communities. Explore natural environment and learn relevant vocabulary e.g. plant, trees, grass etc. Learn about seasons- Spring (blossoms on trees, tulips and daffodils) Learn about Mother's Day and make cards. 	<p>countries and faith and have a sense of respect for everyone.</p>	<p>(warmer days, lighter clothes)</p> <ul style="list-style-type: none"> Begin to identify and talk about similarities between different religious celebrations.
--	---	---	--	--	--	---

<p>General learning throughout the year.</p>	<ul style="list-style-type: none"> • Through interactions talking about what they did yesterday, last week, last year. • Personal history; how they celebrate Christmas, new year, family celebrations such as Birthday's – throughout the year. • Learning about the family traditions of children in class from different cultural backgrounds. <p>Learning Feedback times – talking about learning from the previous day / week. Looking at timelines and also talking about learning done in Floor books.</p>					
<p>Expressive Arts and Design</p>	<p>The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.</p>					
<p>Creating with Materials Being Imaginative</p> <p>Children are provided with opportunities to express themselves using a range of media and materials. The are able to experiment with colours, they create with colours, paints, chinks, construction materials and express themselves through musical instruments, dancing, singing and role play.</p>	<ul style="list-style-type: none"> • Make Self-portraits/ family portraits. • Design a birthday card. • Sing my favourite nursery rhymes. • Use some mark making tools to draw and colour. • Make models with recyclable materials. 	<ul style="list-style-type: none"> • Make Christmas cards for my family. • Make Rangoli patterns. • Make firework pictures. • Make a diva lamp. • Begin to describe textures. • Sing songs in different languages. • Introduce ipads 	<ul style="list-style-type: none"> • Use different materials to create a picture or a model. • Pretend play in the role play area. • Make under the sea characters with different materials. • Use ipads to complete art activities. 	<ul style="list-style-type: none"> • Copy dance movements during whole class dancing sessions. • Explore mixing primary colours to make new secondary colours. • Describe textures- hard, soft, smooth etc. 	<ul style="list-style-type: none"> • Act out a story using repeated refrains. • Explore a range of media – printing, painting, and collage. • Make models with recyclable materials. • Explore beebots. 	<ul style="list-style-type: none"> • Sing songs taught in the nursery. • Make models with resources in the Nursery. • Use their imagination to create with loose parts. • Make stick puppets and masks to act out a story.

<p>Art & D&T</p>	<p><u>Junk Modelling: Hibernating boxes</u> (Seasonal project)</p> <p>Children learn what it means for an animal to hibernate and design a hibernating box for a hedgehog, using boxes from the junk modelling area and different natural resources: leaves, twigs, grass.</p>	<p><u>Christmas Craft: Salt Dough Decorations</u></p> <p>Manipulating salt dough and using a range of tools to create a Christmas decoration, such as a star, bauble, Christmas tree.</p>	<p><u>Chinese fans</u> Using paper plates and lollypop sticks, children design and make their own Chinese fans.</p>	<p><u>Easter Craft: Egg Threading</u></p> <p>Applying skills in threading wool; making choices about patterns and colours; creating hanging Easter decorations</p>	<p><u>Textiles: Flower threading</u> (Seasonal projects)</p> <p>Using a range of tools and techniques, pupils create their own flower threading pattern and complete it using coloured wool.</p>	<p><u>Summer Craft: Salt Painting</u></p> <p>Painting imaginative designs with salt; experimenting with colour and texture; describing the processes they have used.</p>
<p><i>Musical Development via Music Express</i></p>	<p><u>Special People</u> Beat and Tempo <i>PSED</i> (Hello)</p> <p><u>Going Places</u> High and Low <i>C&L</i> (The three bears)</p> <p><u>Stories and Sounds</u> Structure <i>L</i> (Copycat sounds)</p>	<p><u>Our Senses</u> Timbre <i>EA&D</i> (Soundwall)</p> <p><u>Going Places</u> High and Low <i>C&L</i> (Jack-in-the-box)</p> <p><u>Stories and Sounds</u> Structure <i>L</i> (Jamaquack jive)</p>	<p><u>Going Places</u> High and Low <i>C&L</i> (Noah)</p> <p><u>Growth and Change</u> Loud and Quiet <i>PD</i> (Winter)</p> <p><u>Our Senses</u> Timbre <i>EA&D</i> (Clocks)</p> <p><u>Stories and Sounds</u> Structure <i>L</i> (Colourful creatures)</p> <p><u>Special People</u> Beat and Tempo <i>PSED</i> (Happy New Year – Chinese New Year)</p>	<p><u>Working World</u> Texture <i>UTW</i> (Our town)</p> <p><u>Moving Patterns</u> Structure <i>M</i> (Minibeasts)</p> <p><u>Stories and Sounds</u> Structure <i>L</i> (Sing me a story)</p>	<p><u>Growth and Change</u> Loud and Quiet <i>PD</i> (Storm)</p> <p><u>Working World</u> Texture <i>UTW</i> (Farm time)</p> <p><u>Stories and Sounds</u> Structure <i>L</i> (Rock Candy)</p>	<p><u>Moving Patterns</u> Structure <i>M</i> (All aboard)</p> <p><u>Working World</u> Texture <i>UTW</i> (Light)</p> <p><u>Going Places</u> High and Low <i>C&L</i> (Mousie Brown)</p>
<p>Computing</p>	<p>Children recognise that a range of technology is used in places such as homes and schools such as computers, mobile phones, tablets, TVs and microwaves. They select and use technology for purposes such as tablets and toy phones and tills for imaginary play. Children use apps like busy things and top marks Maths to complete tasks on ipads.</p>					

Enriching Experiences (Adapted as per children's interests)	<ul style="list-style-type: none"> • Sound walks- Environmental sounds 	<ul style="list-style-type: none"> • Cooking- Gingerbread men. Circus skills workshop. 	<ul style="list-style-type: none"> • Cooking- shortbread biscuits 	<ul style="list-style-type: none"> • Cooking- pancakes Sandwiches Easter nests. 	<ul style="list-style-type: none"> • Cooking- fruit salad 	<ul style="list-style-type: none"> • Farm visit
Partnership with Parents	<p>Parental engagement is a key priority at Kenmore Park Infant and Nursery, and we endeavour to involve parents at every stage of their child's learning. Stay and play sessions are organised for children prior to them starting Nursery and home visits are scheduled so educators get an in-depth knowledge of the child's needs and interest. This helps them to tailor the curriculum as well the environment to the requirements of the cohort. Parents are regularly invited for workshops so that they can support their children better at home. We use class dojo to communicate regularly with parents and this has proved to be an effective platform to send homework, messages and also to share children's work and WOW moments. This results in an amazing home school partnership which hugely benefits the child.</p>
