Today marks the last day of the academic year. As we are commencing towards summer vacation, I would like to take this opportunity to extend a note of gratitude to the entire crew out there who helped my son grow throughout the year.

As they say "Respect and love is something you earn". That being said, I couldn't stop myself sending a special gratitude to Miss Benett and Mrs Mahil Pooni. You both were pillars of support and strength.

We have a lot of friends here whose kids are going to different schools, I have never seen such a co-operative and polite head teacher. Kudos to Mrs. Mahil Pooni for such positive attitude towards parents. Standing & greeting parents every single day on the gates, it's not that easy as it requires a down to earth attitude and gentle personality. I'm blessed to know you in person.

Furthermore, my son started his Year1 at Kenmore somewhere mid November. The day he joined and today, I can see a lot of improvements in him. He literally loves going to school everyday and I don't recall a single day when he didn't take Miss Benett's name after coming home.

Viaan literally loves his class teacher and during his calls with grandparents and his uncle aunt, he talks a lot about school learning. In Fact my family members back at India know Miss Benett now :) :). This is how my son is attached to the school and his teacher.

Have a great vacation!

Cheers!

Thanks Much,  
Deepak Sharma & Pooja Sharma

I am very satisfied with the school and I would definitely recommend it.

Thank you very much for everything!

Thank you

This school is good, organised and the staff are polite.

He doesn't like food and all the time he is hungry when coming from school which in not good for children health, immunity and growth.

Packed lunch should be allowed.

There are many students who hurts other children so I just want to tell class teacher that please take appropriate steps to stop this types of behaviour.

Happy to have my child at this school. He made really good progress and he feels happy in here.

I would like it if there was an after school for parents who need it for reasons of work or university.

Not that I know

Very good school I'll recommend to my friends for sure.

A breakfast and after school club required for working parents.

Slightly more emphasis on revision of maths concepts.

We parents of X are very satisfied with the teachers and staff and the school. We have nothing to object to.

I recommend this school to other parents .

Yes some after school activities and summer activities for child in reception.

Good school excellent learning.

Thank you to this school for everything it has done for X

We are very pleased with this school and we are happy to send our children to this school. We also are happy for all the staff. Thank you!

I feel children that are doing above average are acknowledged more and given certificates and attention and the children who have found learning difficult and have progressed well are acknowledged and made a big deal out of , but children who are in between and could do with more encouragement are forgotten about, therefore don't exceed expectations when they can often achieve much more, if they were pushed to a certain level.

Very good school. I recommend this school to other parents.

The best school I know.

Important information e.g. training days e.g. Should be in multiple places not just the school newsletter.

Overall I am satisfied.

Some staff need to be professional use proper language with students. Need to give more time to teach behaviour to some children.

The only thing I didn't like was that I wasn't able to give my child packed lunch when he was not satisfied with the school meals.

I am very satisfied with this school and I would recommend it to any parent.

Thank you very much for all your hard work.

I hope that the school can offer more clubs and variety to choose from, when there is a trip or activity in school they can share with us a photos of the event or our children, also I want to add we as a parent would be more concerned and want to know more about what our children study in the class like science, computing and geography because as a mom I don't know in the whole year what was my son study in these subjects only a few information.

From my son, so I would love that school can give us a summary on a paper anything can let us know about the process and information they take the whole year. Three times I applied for my son in free clubs and always rejected without any reason.

I would be happy if there was an after school for parents who need it for reasons of work or university.

Thank you for your great job

We are happy our son is at this school. Thank you all for your support.

We are happy with this school and with all the staff. I will recommend to other parents. Thank you!

I have seen a drastic progress in my child. Very hardworking and dedicated teachers.

The homework lesson are very good and was very helpful to understanding the school learning and activities that we can help to the child to grow up.

Some of the school teacher/staff really rude and not very helpful

Fantastic school!!! The teachers are professional, caring and well organised. The staff was amazing! My child really enjoyed the time spent in school (parent drew row of 6 hearts)

The teacher was so good, so I believe she taught well, looked after my child and made her experience at school fun.

Thank you for all.

As per my view school provide less homework to busy child. Nee to increase if needed.

X settled in really well. Despite joining late in school, the teacher really worked hard to get her to speed and her progress shows that. Special thanks to the class teacher and support for helping X settle down well and get to speed.

My son so happy in school

Keep going like this - Thank you

Thank you very much for everything!

My child has thrived well at this school. His interests were

recognised and matured further. His teacher and TA have worked hard on his initial struggle with a new curriculum. In just a few months my child turned around and performs well in his class. The level of involvement displayed by all staff right up to the Headteacher is exemplary and commendable Thank you!

I highly recommend this school
