

Nursery Newsletter

Dear Parents/Carers,

All children have now completed a full half term of Nursery either attending a morning and afternoon sessions and are beginning to settle in well. They are starting to explore their environment and adapting to the expectations of the consistent-daily routines too. It would be helpful if parents also had consistent routines at home so that children don't find it hard to settle at Nursery e.g. breakfast, lunch and dinner routines, bed time routines and also routines for engaging in some daily learning.

Supporting Independence.

As the weather gets colder please support your child to gain more independence in putting on their own coats, gloves and hats. Please continue to label items of clothing so these items do not go missing.

Tooth brushing.

Thank you to the parents who have been supporting children with brushing their teeth daily. Children are very excited to tell us how they've brushed their teeth and enjoy getting dojo points for doing so.

I can, however, still see some children eating biscuits and chocolates just before coming to class. Please note that this is not healthy for your children's teeth and overall health as a well balanced

meal before coming to school will help with their attention, concentration and behaviour. Too much sugar causes sugar rush and children tend to get too energised and disruptive in class and then quickly lose focus. Therefore, we would politely request that parents avoid feeding children sweets, biscuits or chocolates before they come to school.

October Half-Term

We hope you all have an enjoyable and restful half term break and we look forward to seeing you again on Monday 4th November 2024.

Please continue to support children with good routines over the half term so they do not struggle to settle back into Nursery after the break.

Happy Diwali

A Very Happy Diwali and a prosperous New Year to the parents who will be celebrating this festival over the half term.

Snack at pick up time.

We are a healthy school we would really appreciate you bringing a healthy snack like a piece of fruit or carrot sticks if necessary at pick up time instead of juices, crisps and sweets. This is not good for your child's teeth or health. Please work with us to support the well being of your child and teach them to make healthy choices which will prepare them for the future

Dates for your diary:

October Half-Term

Monday 28th October to Friday 1st November

Children to return to school on

Monday 4th November

Learning through play workshop

7th November at 9 am for Caterpillar class and 1pm for Butterfly class.

Kenmore Park Infant & Nursery School

Volume 1: Issue 4

Friday 25th October 2024
